Business/Entity search

Name	Link	Description	Price
Open corporates	https://api.opencorporates.com	Companies information	Paid, price upon request
Linkedin company search API	https://docs.microsoft.com/en-us/linkedin/marketing/integrations/community-management/organizations/company-search?context=linkedin%2Fcompliance%2Fcontext&tabs=http	Find companies using keywords, industry, location, and other criteria	FREE
Mattermark	https://rapidapi.com/raygorodskij/api/Mattermark/	Get companies and investor information	free 14-day trial, from $49 per month

Domain/DNS/IP lookup

Name	Link	Description	Price
API OSINT DS	https://github.com/davidonzo/apiosintDS	Collect info about IPv4/FQDN/URLs and file hashes in md5, sha1 or sha256	FREE
InfoDB API	https://www.ipinfodb.com/api	The API returns the location of an IP address (country, region, city, zipcode, latitude, longitude) and the associated timezone in XML, JSON or plain text format	FREE
Domainsdb.info	https://domainsdb.info	Registered Domain Names Search	FREE

Name	Link	Description	Price
BGPView	https://bgpview.docs.apiary.io/#	Allowing consumers to view all sort of analytics data about the current state and structure of the internet	FREE
DNSCheck	https://www.dnscheck.co/api	Monitor the status of both individual DNS records and groups of related DNS records	up to 10 DNS records/FREE
Cloudflare Trace	https://github.com/fawazahmed0/cloudflare-trace-api	Get IP Address, Timestamp, User Agent, Country Code, IATA, HTTP Version, TLS/SSL Version & More	FREE
Host.io	https://host.io/	Get info about domain	FREE

Mobile Apps Endpoints

Name	Link	Description	Price
BeVigil OSINT API	https://bevigil.com/osint-api	Provides access to millions of asset footprint data points including domain intel, cloud services, API information, and third party assets extracted from millions of mobile apps being continuously uploaded and scanned by users on bevigil.com	50 credits free/1000 credits/$50

Scraping

Name	Link	Description	Price
WebScraping.AI	https://webscraping.ai/	Web Scraping API with built-in proxies and JS rendering	FREE
ZenRows	https://www.zenrows.com/	Web Scraping API that bypasses anti-bot solutions while offering JS rendering, and rotating proxies apiKey Yes Unknown	FREE

Whois

Name	Link	Description	Price
Whois freaks	https://whoisfreaks.com/	Well-parsed and structured domain WHOIS data for all domain names, registrars, countries and TLDs since the birth of internet	$19/5000 requests

Name	Link	Description	Price
WhoisXMLApi	https://whois.whoisxmlapi.com	Gathers a variety of domain ownership and registration data points from a comprehensive WHOIS database	500 requests in month/FREE
IPtoWhois	https://www.ip2whois.com/developers-api	Get detailed info about a domain	500 requests/month FREE

GEO IP

Name	Link	Description	Price
Ipstack	https://ipstack.com	Detect country, region, city and zip code	FREE
Ipgeolocation.io	https://ipgeolocation.io	Provides country, city, state, province, local currency, latitude and longitude, company detail, ISP lookup, language, zip code, country calling code, time zone, current time, sunset and sunrise time, moonset and moonrise	30 000 requests per month/FREE
IPInfoDB	https://ipinfodb.com/api	Free Geolocation tools and APIs for country, region, city and time zone lookup by IP address	FREE
IP API	https://ip-api.com/	Free domain/IP geolocation info	FREE

Wi-fi lookup

Name	Link	Description	Price
Mylnikov API	https://www.mylnikov.org	Public API implementation of Wi-Fi Geo-Location database	FREE
Wigle	https://api.wigle.net/	Get location and other information by SSID	FREE

Network

Name	Link	Description	Price
PeetingDB	https://www.peeringdb.com/apidocs/	Database of networks, and the go-to location for interconnection data	FREE
PacketTotal	https://packettotal.com/api.html	.pcap files analyze	FREE

Finance

Name	Link	Description	Price
Binlist.net	https://binlist.net/	Get information about bank by BIN	FREE
FDIC Bank Data API	https://banks.data.fdic.gov/docs/	Institutions, locations and history events	FREE

Name	Link	Description	Price
Amdoren	https://www.amdoren.com/currency-api/	Free currency API with over 150 currencies	FREE
VATComply.com	https://www.vatcomply.com/documentation	Exchange rates, geolocation and VAT number validation	FREE
Alpaca	https://alpaca.markets/docs/api-documentation/api-v2/market-data/alpaca-data-api-v2/	Realtime and historical market data on all US equities and ETFs	FREE
Swiftcodesapi	https://swiftcodesapi.com	Verifying the validity of a bank SWIFT code or IBAN account number	$39 per month/4000 swift lookups
IBANAPI	https://ibanapi.com	Validate IBAN number and get bank account information from it	Freemium/10$ Starter plan

Email

Name	Link	Description	Price
EVA	https://eva.pingutil.com/	Measuring email deliverability & quality	FREE
Mailboxlayer	https://mailboxlayer.com/	Simple REST API measuring email deliverability & quality	100 requests FREE, 5000 requests in month — $14.49
EmailCrawlr	https://emailcrawlr.com/	Get key information about company websites. Find all email addresses associated with a domain. Get social accounts associated with an email. Verify email address deliverability.	200 requests FREE, 5000 requests — $40
Voila Norbert	https://www.voilanorbert.com/api/	Find anyone’s email address and ensure your emails reach real people	from $49 in month
Kickbox	https://open.kickbox.com/	Email verification API	FREE
FachaAPI	https://api.facha.dev/	Allows checking if an email domain is a temporary email domain	FREE

Names/Surnames

Name	Link	Description	Price
Genderize.io	https://genderize.io	Instantly answers the question of how likely a certain name is to be male or female and shows the popularity of the name.	1000 names/day free
Agify.io	https://agify.io	Predicts the age of a person given their name	1000 names/day free
Nationalize.io	https://nationalize.io	Predicts the nationality of a person given their name	1000 names/day free

Pastebin/Leaks

Name	Link	Description	Price
HaveIBeenPwned	https://haveibeenpwned.com/API/v3	Allows the list of pwned accounts (email addresses and usernames)	$3.50 per month
Psdmp.ws	https://psbdmp.ws/api	Search in Pastebin	$9.95 per 10000 requests
LeakPeek	https://psbdmp.ws/api	Search in leaks databases	$9.99 per 4 weeks unlimited access
BreachDirectory.com	https://breachdirectory.com/api_documentation	Search domain in data breaches databases	FREE
LeekLookup	https://leak-lookup.com/api	Search domain, email_address, fullname, ip address, phone, password, username in leaks databases	10 requests FREE
BreachDirectory.org	https://rapidapi.com/rohan-patra/api/breachdirectory/pricing	Search domain, email_address, fullname, ip address, phone, password, username in leaks databases (possible to view password hashes)	50 requests in month/FREE

Archives

Name	Link	Description	Price
Wayback Machine API (Memento API, CDX Server API, Wayback Availability JSON API)	https://archive.org/help/wayback_api.php	Retrieve information about Wayback capture data	FREE
TROVE (Australian Web Archive) API	https://trove.nla.gov.au/about/create-something/using-api	Retrieve information about TROVE capture data	FREE
Archive-it API	https://support.archive-it.org/hc/en-us/articles/115001790023-Access-Archive-It-s-Wayback-index-with-the-CDX-C-API	Retrieve information about archive-it capture data	FREE
UK Web Archive API	https://ukwa-manage.readthedocs.io/en/latest/#api-reference	Retrieve information about UK Web Archive capture data	FREE
Arquivo.pt API	https://github.com/arquivo/pwa-technologies/wiki/Arquivo.pt-API	Allows full-text search and access preserved web content and related metadata	FREE
Library Of Congress archive API	https://www.loc.gov/apis/	Provides structured data about Library of Congress collections	FREE
BotsArchive	https://botsarchive.com/docs.html	JSON formatted details about Telegram Bots available in database	FREE

Hashes decrypt/encrypt

Name	Link	Description	Price
MD5 Decrypt	https://md5decrypt.net/en/Api/	Search for decrypted hashes in the database	1.99 EURO/day

Crypto

Name	Link	Description	Price
BTC.com	https://btc.com/btc/adapter?type=api-doc	Get information about addresses and transactions	FREE
Blockchair	https://blockchair.com	Explore data stored on 17 blockchains (BTC, ETH, Cardano, Ripple etc)	$0.33 – $1 per 1000 calls

How to learn how to work with REST API

If you don’t know how to work with the REST API, check out the Netlas API guide I wrote for Netlas.io (Netlas Cookbook). It briefly explains how to automate requests in different programming languages (focus on Python and Bash) and process JSON data. Thank you for following me!
